P.T.O

Annexure-I

STATEMENT OF DRAFT ARTICLES OF CHARGES FRAMED AGAINST Sri S.T. ANJANEYA RAO, MANDAL AGRICULTURAL OFFICER, GUDIVADA, O/o ADA ® GUDIVDA, KRISHNA DISTRICT:

Article of Charge-I:

"that the said Sri S.T.Anjaneya Rao, M.A.O. Gudivada, has drawn (4) No. of fertilizer samples of EDTA Zn-12% on 27-07-2018. The result of first analysis and the result of check test analysis were found to be similar but wide variation is found in the result of sample submitted to the Appellate Authority for re-analysis compared to 1st and 3rd analysis, therefore it is evident that mischief occurred before the samples were submitted to Appellate Authority for re-analysis. Thus he has contravened the Rules and Regulations of FCO Act, 1985 and also violated Rule-3 of APCS (Conduct) Rules, 1964".

Basis of Charge:

Vide U.O. Note No. Fert. (1)72/2017-Part(3)1, dt: 23.02.2019, the Fertilizer Section of O/o.the Commr. & Dir. of Agril., A.P., Guntur, has stated that certain discrepancies were noticed in the fertilizer samples submitted for re-analysis during the year 2018-19, which was evident from the analysis reports sent by the labs concerned. Sri S.T. Anjaneya Rao, M.A.O., Gudivada, Krishna District has drawn (4) No. of fertilizer samples of EDTA Zn-12% on 27-07-2018. The sample was first analyzed at FCO Lab, T.P. Gudem and nutrient content was found to be Zn= 0.498. But whereas in the second analysis done at FCO lab, Dharwad the nutrient content was found to be Zn= 12.13. Since variation was huge, the preserved part of the sample from the concerned lab was sent to RFCL, Chennai. The nutrient content was found to be Zn= 4.38. First analysis and third analysis nutrient contents were Zn= 0.498 and 4.38, respectively, where as in the second analysis the variation is huge i.e. Zn= 12.13. Thus it casts doubt on the sampling procedure and evident that mischief occurred before the samples were submitted to the Appellate Authority for re-analysis.

Therefore, the aforesaid officer has contravened the Rules and Regulations of FCO Act, 1985 and also violated Rule-3 of APCS (Conduct) Rules, 1964. Hence charged.

Article of Charge-II:

"that the said Sri S.T. Anjaneya Rao, M.A.O. Gudivada, has drawn (4) No. of samples of EDTA Zn-12% on 27-07-2018. The result of first analysis and the result of check test analysis were found to be similar but wide variation is found in the result of sample submitted to the Appellate Authority for re-analysis compared to 1st and 3rd analysis, therefore it is evident that mischief occurred before the samples were submitted to Appellate Authority for re-analysis. Thus he has contravened the Rules and Regulations of FCO Act, 1985 and also violated Rule-3 of APCS (Conduct) Rules, 1964".

Basis of Charge:

Vide U.O. Note No. Fert. (1)72/2017-Part(3)1, dt: 23.02.2019, the Fertilizer Section of this office has stated that certain discrepancies were noticed in the fertilizer samples submitted for re-analysis during the year 2018-19, which was evident from the analysis reports sent by the labs concerned. Sri S.T. Anjaneya Rao, M.A.O., Gudivada has drawn (4) No. of fertilizer samples of EDTA Zn-12% on 27-97-2918. The sample was first analyzed at FCO Lab, Anantapuram and nutrient content was found to be Zn= 5.69. But whereas in the second analysis done at FCO lab, Jaipur, the nutrient content was found to be Zn= 12.36. Since variation was

P.T.O

huge, the preserved part of the sample from the concerned lab was sent to RFCL, Chennai. The nutrient content was found to be Zn = 2.79. First analysis and third analysis nutrient contents were Zn= 5.69 and 2.79, respectively, where as in the second analysis the variation is huge i.e. Zn= 12.36. Thus it casts doubt on the sampling procedure and evident that mischief occurred before the samples were submitted to the Appellate Authority for re-analysis.

Therefore, the aforesaid officer has contravened the Rules and Regulations of FCO Act, 1985 and also violated Rule-3 of APCS (Conduct) Rules, 1964. Hence charged.
